IMPORTANT NOTICE

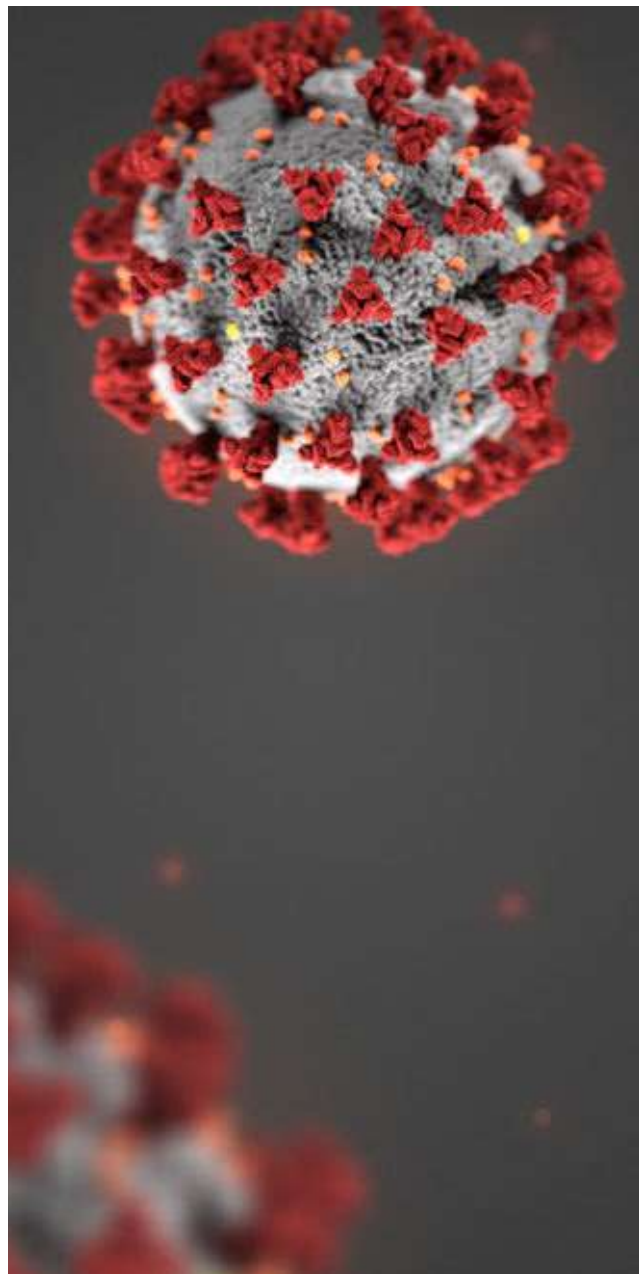

2020 Clubs Championship Men Competition

Due to the current outbreak and spread of the coronavirus (COVID-19) affecting many countries worldwide and the uncertainty this brings, ParaVolley Europe has made the important decision to cancel the Clubs Championship Men competition.

The decision has not been made lightly and aims at safeguarding the health of all the European athletes which is a priority for us all.

The Women's final round planned for 15th to 17th May in Nola (ITA) is still going ahead however the ParaVolley Europe Board is closely monitoring the situation and is planning to inform all participants should the competition be cancelled **no later than 1st May 2020**

We thank you all for your understanding as we have our athletes' best interest at heart.

**Please note that PVE
Competitions planned after
1st May 2020 are currently
still scheduled and will go
ahead as planned.**

FROM THE EDITOR

The PVE Board has rolled up its sleeves and has introduced many new ideas within PVE to develop ParaVolley.

One of the main idea is to create a PVE Strategic Development document.

This document will be put together based on the brainstorming from various stakeholders and the results of a questionnaire which will be sent to all member nations in the near future.

PVE would like to stress the importance to answer this questionnaire as it will give each member country the opportunity to voice their opinion about the current state of ParaVolley in Europe.

Should you have any other ideas or suggestions in the meantime, please contact PVE and do not hesitate to share your thoughts on Workplace.

EUROPEAN UNIVERSITY SPORTS ASSOCIATION

EUSA SIGN MEMORANDUM OF UNDERSTANDING WITH PARAVOLLEY EUROPE

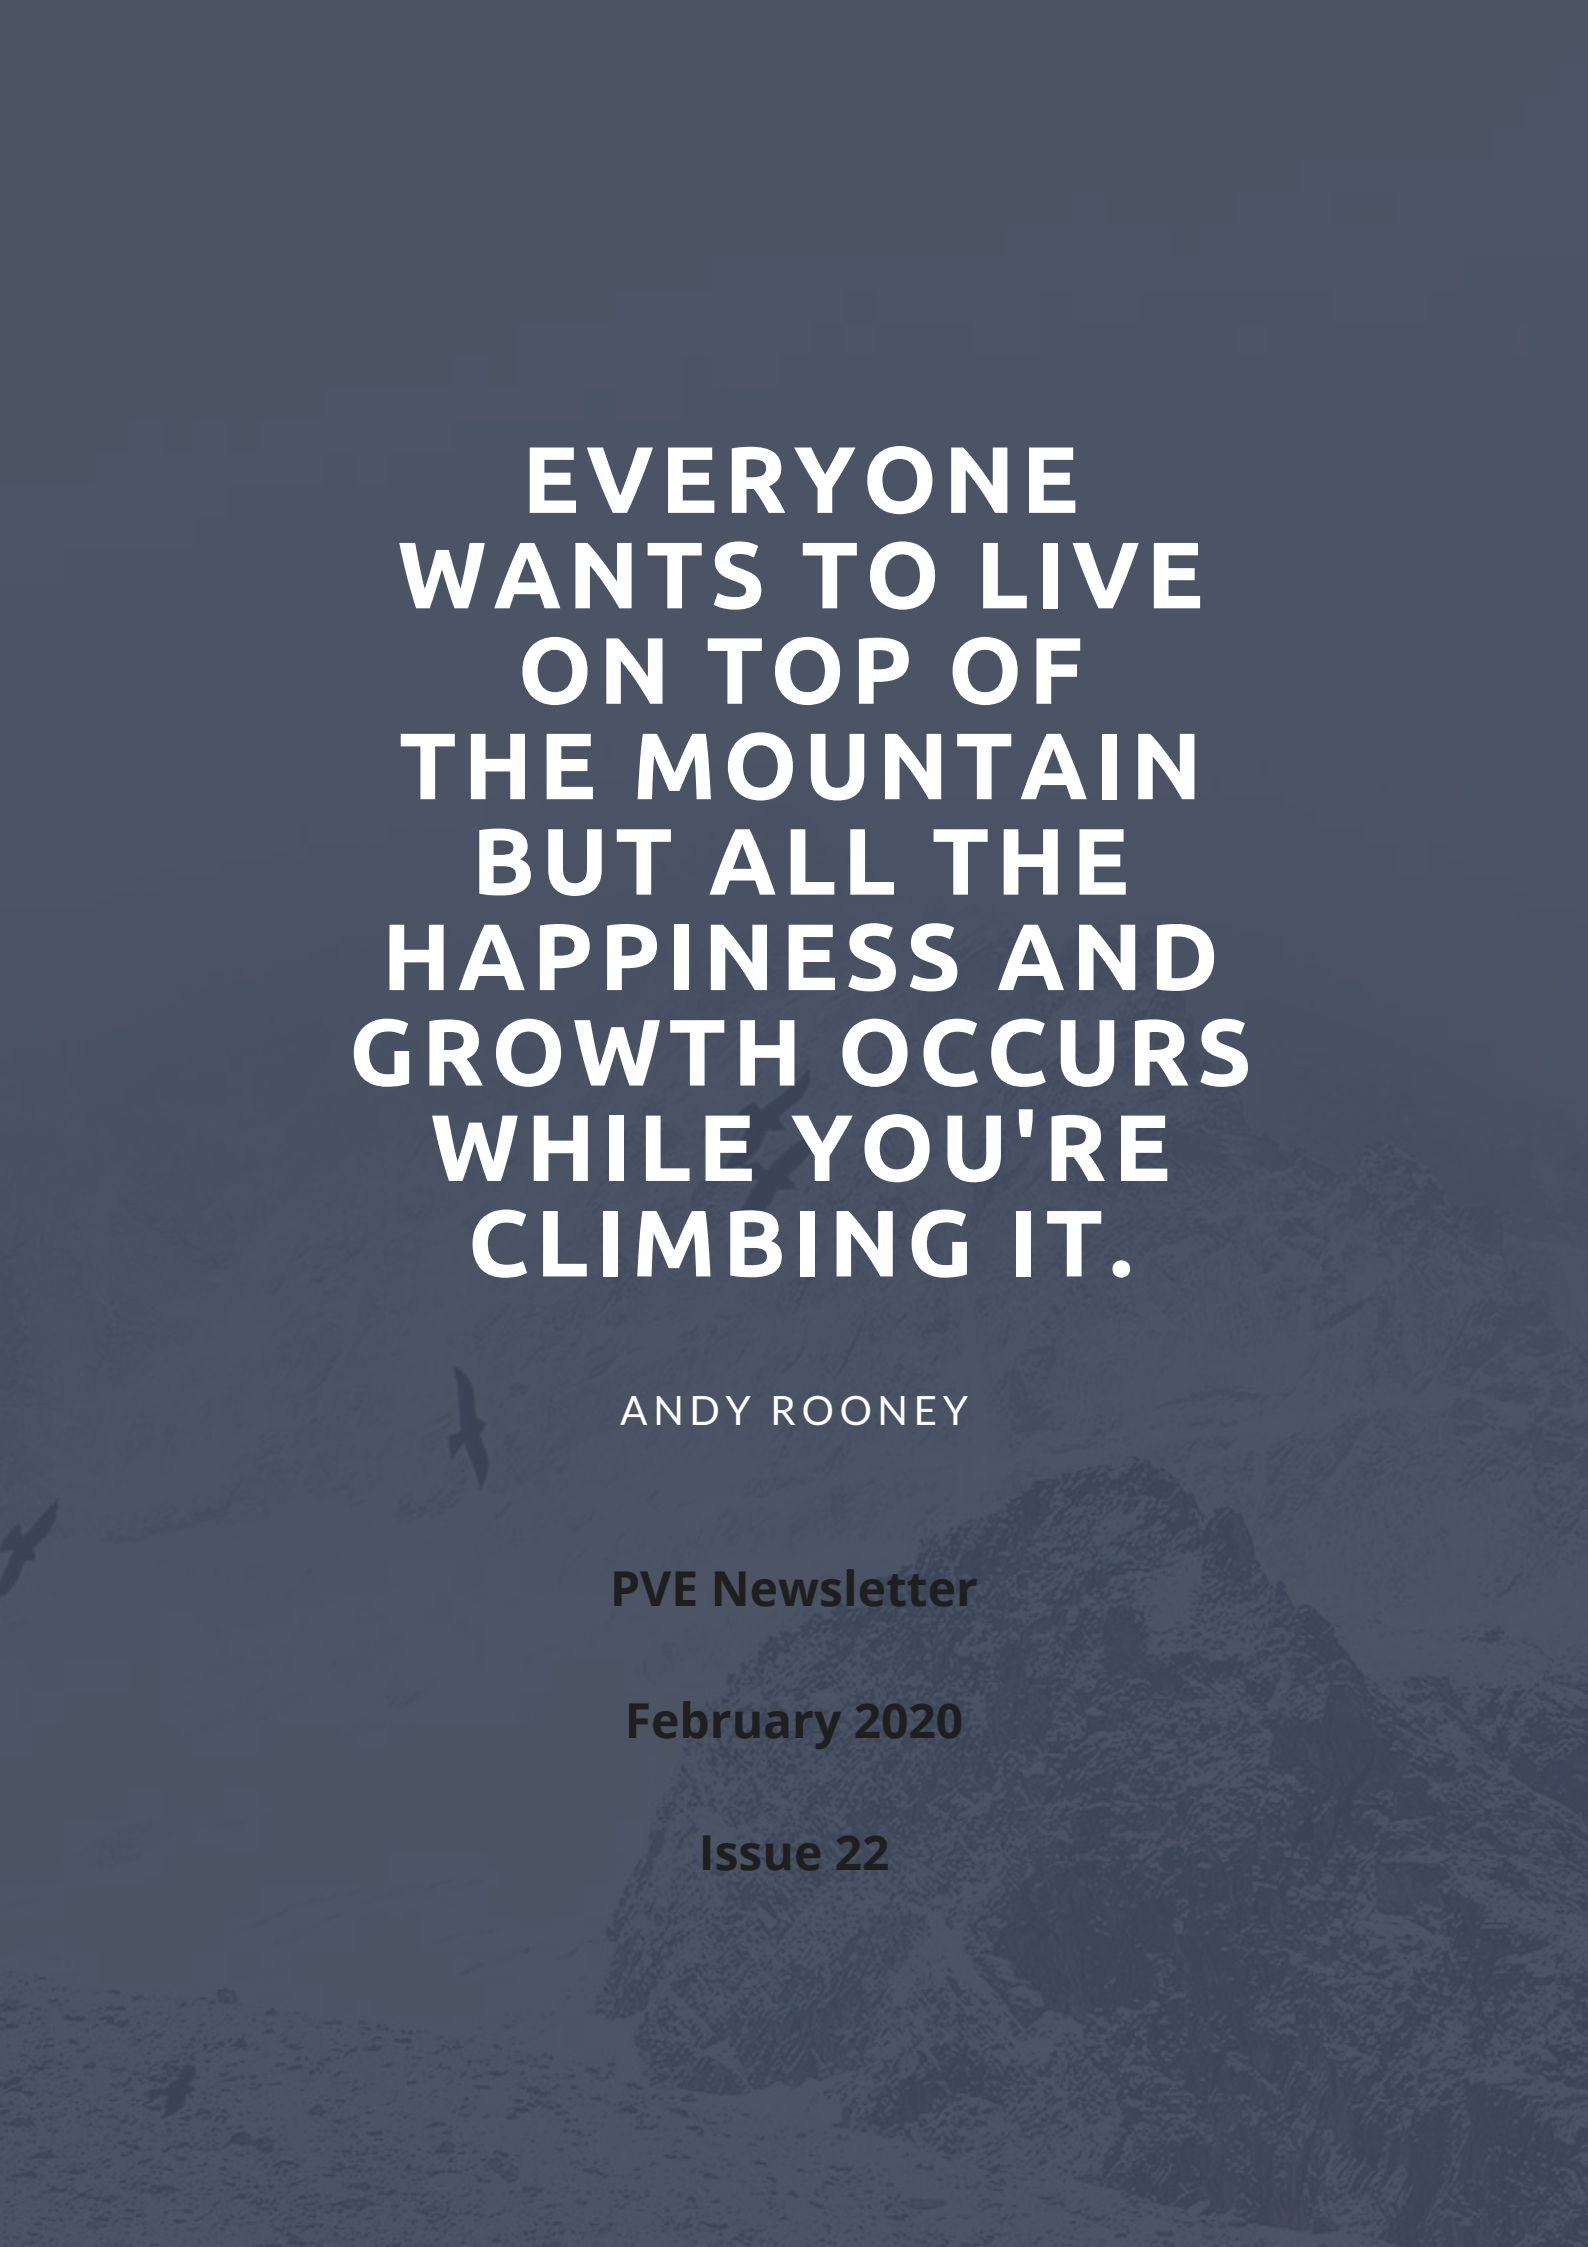

The European University Sports Association (EUSA) has signed a Memorandum of Understanding (MoU) with ParaVolley Europe, with an objective of inclusion for all participants.

The signing took place at the EUSA offices in Ljubljana, Slovenia, with ParaVolley Europe President Branko Mihorko and EUSA President Adam Roczek. EUSA has previously included competitions for students with disabilities at the previous two editions of the European Universities Games, and will this year include Para judo and Para table tennis on the schedule for the fifth edition in Belgrade, Serbia.

EUSA is also looking to include more events for athletes with disabilities, starting with ParaVolley. The MoU will strengthen general cooperation between the two organisations, specifically focusing on promoting university sport in Europe, the development of all ParVolley disciplines among students and searching for new opportunities.

ParaVolley will also enjoy the possibility of including young referees at EUSA competitions, alongside education seminars and technical support. There will also be an exchange of ParaVolley information and the encouragement of members to establish national level cooperation.
